ATTENTION!

Please note that from October 2012 I publish the **Airplay** country music chart, instead of the new **Hot Country Singles** chart, because I dislike the current methodology. The new *Hot Country Songs* is more crossover-oriented than its predecessor and the songs spend... 500 weeks at number one (Sam Hunt, Florida Georgia Line etc.) which is annoying. I prefer the Airplay chart. Also because Billboard magazine is not published weekly anymore, I use the scanned charts from Billboard [Country Update](#) PDF (which is available every Monday).
